

Student evaluation

Implementation guide 2

Sample student evaluation questionnaire

Students should rank their answers to the questions set below by ticking the appropriate box.

Subject	Name of lecturer				
	1 Strongly agree	2 Agree	3 Unsure	4 Disagree	5 Strongly disagree
1. The scheme of work for the subject was clear (giving details by week of topics covered, reading references and past exam questions) and was given out at the start of the course					
2. The scheme of work covers the CIMA syllabus and learning outcomes in the appropriate depth					
3. The scheme of work has been adhered to					
4. The balance between types of learning/teaching methods was appropriate					
5. The pace of learning was appropriate for me					
6. The main text adopted was useful					
7. The recommended reading material and work out of class was clearly communicated and of use					
8. There was good use made of past paper questions					
9. Course material were of the appropriate standard					
10. Assignments were marked promptly and returned with solutions and useful feedback					
11. Mock exam were of an appropriate standard					
12. Mock exams were marked promptly and returned with solutions and useful feedback					
13. All lectures were delivered in a clear and understandable manner					
14. Attendance of lecturers was consistent and students were notified if a lecturer was unavailable and a suitable replacement was provided.					
15. The facilities were appropriate					
16. Significant value was added to my study by attending classes rather than by using the manuals only					

Comments: students are requested to provide further details for any questions rated 3, 4 or 5, and also on any other relevant matters overleaf.
