

ENGAGE 22

Europe

22-23 June 2022

Programme

Wednesday 22 June		
Timing	Agenda	Speaker
8.45am	Registration opens	
9.30am	Welcome from AICPA & CIMA	
9.45am	Keynote presentation: Professor Lisa Short is recognised as one of the top thought leaders and influencers in the world in digital tech, blockchain, crypto assets and EdTech. A motivational and influential international leader Professor Short analyses and resolves through digital technology some of the most pressing complex and difficult socio-economic problems.	Prof. Lisa Short
11.00am	Refreshment Break	
11.20am	Concurrent Breakout Sessions: Neuroscience of Change Management and Productivity Reena will present a new paradigm on how leaders, teams and organisation can train themselves to be 'neuroplastic' enabling them to adapt and thrive in the most difficult and unpredictable circumstances.	Reena Dayal
	Making Tax Digital for Income Tax Are you prepared for the changes coming in April 2024? We'll be hearing from our expert speaker on the upcoming changes and how you can prepare your clients ahead of time.	TBA
	The Growth Mindset – Going and Growing Beyond We will explore the power of a growth mindset, the challenges and the true benefits it can bring, sharing how best to explore the growth journey and what it may mean for you and your organisation in all areas of your life.	Ian Pitchford
	The Great Digital Accelerator Organisations have faced critical road-blocks, due to outdated technology or even worse, a reliance on paper trails. With new automation technologies like machine learning, finance has the opportunity to usher in a new era of effectiveness with considerable ROI. Join Stephen Creech from Workday to explore how to navigate these challenges and build a finance function of the future.	Stephen Creech
12.40pm	Lunch	
1.30pm	Concurrent Breakout Sessions: Dig Deep – Dig deeper – A story of Resilience This workshop will focus on resilience - where does it come from?, the tools to overcome adversity and real life analogies that you can put into place.	Leela Bassi
	The effect of Mapping and Modelling on Leadership and Cultures Leadership and organisational performance can almost certainly be leveraged by the application of two concepts, 'all one team' and 'understand the process'. Robin has spent decades in Business Performance Improvement will talk about change, the two concepts, the application of those concepts and the critical role of the Management Accountant as part of top management.	Robin Tidd
	Leading and Motivating Remote Teams Effectively This interactive session to identify ways to lead and motivate remote and hybrid teams. By communicating effectively, supporting and motivating each other, delegates can identify ways to navigate the challenges of remote and hybrid working solutions.	Karen Warren
