

Multiple supervisor scenarios

The number of IPD supervisors you need will depend on your employment history and which roles you will be using to demonstrate three years in a Finance role and each of the professional achievements. The minimum required is one IPD supervisor. The following table provides some illustrative scenarios of how many IPD supervisors would be needed and what aspects of the application each would sign off.

Scenario	IPD supervisor for role X signs off...	IPD supervisor for role Y signs off...	IPD supervisor for role Z signs off...
<p>P has only had one role (X) and has met both the time requirements and all 8 professional achievements in that role.</p> <p>Number of IPD supervisor appendices to attach: 1</p>	<p>Time in role: 36 months</p> <p>Professional achievements: all 8 (3 core activities, 5 skills and behaviours)</p>		
<p>Q has had 2 roles. Q has been in the most recent role (X) for 2 years and is using example activities from that role for all of the professional achievements. For the core activities, S has chosen to write up A and D from the role held previous to X and E for the role held prior to that.</p> <p>Number of IPD supervisor appendices to attach: 3</p>	<p>Time in role: 36 months</p> <p>Professional achievements: 5 (5 skills and behaviours)</p>	<p>Time in role: n/a</p> <p>Professional achievements: 2 (2 core activities – A and D)</p>	<p>Time in role: n/a</p> <p>Professional achievements: 1 (1 core activity – E)</p>
