"THE FUTURE IS NOT FIXED. IT IS BUILT EVERY DAY BY THE ACTIONS OF PEOPLE."—Marc Priestley, head of product and service strategy at Adaptive Lab.

**FEATURE: FUTURISTS**

Are the people we hire to predict the future for business and finance really accurate? Who are they, what do they do, and can anyone really accurately tell them what the future holds, writes James Hipwell. But what are the markers a client needs to look for in a good futurist? How do you hire corporate futurists to give them guidance on the future?
