

## **OPERATIONAL CASE STUDY MAY 2018 EXAM ANSWERS**

### **Variant 5**

#### **Marking Guidance**

#### **Marking Guidance**

The following marking guidance is based on Operational Case Study Exam May 2018, Variant 5.

The questions and suggested answers for this variant are available [here](#).

This marking guidance has been provided by CIMA for information purposes only. It is not to be considered exhaustive and alternative, valid approaches would earn marks.

Note: while the published weighting of competencies for the level would be reflected in the distribution of marks for each examination, there may be some small variations between different forms of the examination.

CIMA will not accept challenges to this marking guidance on the basis of academic judgement.

## Marking Guidance
